OUTSIDE LANDS × RIVIAN

Put R2 in front of 75,000 people a day, in the one park where they came to be outside.

Prepared for Rivian brand partnerships · Outside Lands 2027, Golden Gate Park, San Francisco · Figures from public sources, November 2026

THE OPPORTUNITY

R2 needs to be seen and sat in by people who've never shopped for a Rivian. Outside Lands gathers them for three days.

BAY AREA IMPACT

Economic impact report, via ABC7

Outside Lands has run in Golden Gate Park since 2008 and sold out again in 2026. Its crowd comes for music, food and the outdoors, the same outdoors-first story Rivian tells about R2.

WHAT RIVIAN IS GOING AFTER

Take R2 mainstream: get it noticed, get people in the seat, and lead with adventure.

Reach the mainstream SUV buyer

R2 is Rivian's move into the midsize SUV segment, cross-shopped with the RAV4, Grand Cherokee and Forester. Its CEO says awareness is "nowhere near" where it needs to be.

Get people in the seat

Deliveries began June 9, 2026, with demo drives at Rivian Spaces and block parties in nine cities before launch.

Rivian; Marketing Brew, 2026

Lead with adventure

"Outdoorsy vehicle first, EV second," as CarGurus put it. Rivian also signed a two-year headline sponsorship of SXSW, 2025–26.

IDEA 1 · SIGNATURE EXPERIENCE

R2 Fog Camp: a campsite between stages, set up the way R2 owners camp.

How it works

1. Six R2s parked as a campsite, with rooftop tents and travel kitchens.
2. Climb up, sit in, charge your phone, and get out of the fog for a few minutes.
3. Coffee is poured from a tailgate, as Rivian did at SXSW.
4. Scan to book a demo drive at a Rivian Space the week after the festival.

What fans get

A warm seat, a hot drink and the best photo spot in the park.

IDEA 2 · GETTING THERE

The city asks fans not to drive in. Make the trip there and home part of Rivian.

Bike valet by Rivian

The festival already runs bike valets and shuttles. Rivian presents them, with e-bike demo rides, as it did with ALSO at SXSW.

Wikipedia; DesignRush, Mar 2026

The ride home

Branded shuttle stops and a lit wayfinding trail to Muni, which the city adds service for during the festival.

Why it works

Every fan passes through it twice a day, and it shows the brand solving a real problem instead of adding noise.
