IDEA 1 · SIGNATURE EXPERIENCE

The Lumen Hour: the last 30 minutes before sunset, on Lumen.

How it works

1. At 7:15 the stage lights drop to amber and the Lumen Hour starts.
2. A guest DJ plays a 30-minute golden-hour set from the lawn stage.
3. Lumen sampling carts roll through the lawn; every can is ice cold.
4. At sunset, the crowd's phone flashlights cue a confetti drop in Lumen colors.

What fans get

The best half hour of every show, a free cold can, and the clip everyone posts.
